

SAMUEL LEWIS LIMITED

ESTABLISHED 1750

Products

2010

Samuel Lewis has a proud heritage of supplying Agricultural and Ironmongery products since the establishment of the company in 1750. We have kept the expert knowledge of the trade and incorporated this knowledge into our present operations.

Samuel Lewis still has a secure UK manufacturing capability to produce a range of standard or specialist products for our customers, including Harrows and Gate fittings. Due to our manufacturing capability and knowledge of the trade we are able to source both standard and non-standard products to meet your requirements.

In recent years we have accommodated a large number of our products into our pre-pack range. This has meant we are able to give our customers a clear and durable packaging that is ready for display. We can supply in our SL brand packaging or we can brand to your own corporate identity. All our pre-packs are individually barcoded/product descriptions for point of sale. Merchandising stands are available for our pre-pack range and also for our popular chain products.

All requests are welcome and we will endeavour to fulfil these to the highest standard.

SENIOR RELIANCE DOOR HOLDER

Suitable for fitting to the under side of a lintle on single doors or out buildings

Packaging - one set per box

Size (mm)	Black
24" (609)	SRDH600B

NOTE: Junior type also available.

DOOR CHECK CHAIN

An effective way to restrict how far a door or gate can open

Packaging - 5 items per box

Description	Smelter Galv
18" (450mm) L Chain square end plates	CHASSDCC

CAST IRON GATE CATCH TO FIX IN CEMENT

Size over catch 305mm (12") Height of Shank 242mm (9 1/2")

Packaging - one item per box

Black	Smelter Galv
GATEFIX	GATEFIXG

An automatic gate stop when concreted into a base slab

STABLE KICK-OVER LATCH - SMELTER GALVANISED

Packaging - 5 items per box

Size (mm)	Standard	Heavy
10" (254) overall	KICKOLCS	KICKOLCH

Designed to enable hands free opening of stable doors by use of foot

SLIP RAIL BRACKETS FOR 2" (50MM) THICK TIMBER

Latch and plate can be supplied separately

Packaging - 5 sets per box

Size (mm)	Black	Electro Galv	Smelter Galv
3/16" (5) material thickness	ENCLOSEJ	ENCLOSEP	ENCLOSEG

To suit rails up to 4" x 2" providing easy access to paddocks

R L PATTERN RAIL BRACKETS FOR 2" (50MM) THICK TIMBER

(M10 Bolt holes)

Packaging - 5 pairs per box

Size (mm)	Black	Electro Galv	Smelter Galv
10 1/4" (260) overall length	RLBRKTBJ	RLBRKTZP	RLBRKTSG

For fixing to the rear of gate timber - inserted to prevent outside opening

HEAVY PATTERN SAFETY GATE HOOK AND EYES - (ELECTRO GALVANISED)

Packaging - 10 items per box

Size	Code
Heavy	SAFEHOOK

Designed to prevent the opening of gates by animals

PRE-PACKAGING:

We offer a very extensive range of Pre-Packed products that are packed

- In a strong polythene bag
- SL Header card inserted inside bag
- Bag and header card euro slotted for vertical display
- Label showing product description, finish, pack quantity & bar code
- All necessary fittings and included with product.

We provide a shelving scheme for Pre-Pack display Free of Charge, on all first orders placed over £500.00 see page 98.

The shelving scheme remains the property of Samuel Lewis Limited and only SL pre-packs can be displayed on our shelving unless written agreement with your Sales representative is given.

Our current Pre-Pack range includes:

- Ironmongery
- Nails
- Screws
- Fasteners
- Security
- Door Furniture
- Chain & Accessories

Most products listed in our catalogue can be Pre-Packed to customer requirements, based on sufficient quantities.

We also offer customer own brand products, to your corporate colours and brand name. Please contact our sales office for further details.

Benefits of SL Products Pre-Packs.

- Our full Trading name is not printed on the header card or label
- Our range of extensive products is competitively priced and of a very high quality packaging
- The header card and poly bags are both of strong material ensuring excellent Visual Effects
- Each pack contains all fixings necessary to fit the product
- Each pack is individually bar-coded with easy to read labels
- Each product is packed in the most effective way ensuring maximum use of space
- We can provide own branded labels showing customer details if required, based on sufficient quantity.

For our full range of Pre-Packs see pages 121 - 128
