At a recent management meeting it was decided to re-locate our Fastener Division, so to allow further expansion in our pre-packaging bays.

Due to large stock holdings of our Fastener Range/Specials (odd lengths/diameters) along with over runs that we have accumulated over the years. This brochure contains a massive variety of ex-stock items at extremely competitive prices, which we feel will be very attractive to all our customers.

Can we suggest that you send in your orders urgently, as once stocks are cleared these prices can not be repeated at such favourable terms.

Please note normal stock available to order.

Please contact our sales office for all your fastener & fixing requirements
